# STEPS TO SPEC

HOW TO SPECIFY BOBRICK CUBICLES & PARTITIONS

BUILDING VALUE SINCE 1906

# STEPS TO SPEC

Bobrick cubicles and partitions are made-to-order. To specify cubicles and partitions, follow Steps to Spec, our consistent methodology for customizing your design.

## NEXT STEPS

- Use Bobrick's Digital Spec Builder at [bobrick.com/digital-spec-tool](http://bobrick.com/digital-spec-tool) to generate your specification and deliverables.
- Contact your Bobrick architectural representative.

Find it all at [bobrick.com](http://bobrick.com).

## SELECT A BOBRICK SYSTEM

### ■ PRIVADA<sup>®</sup> CUBICLES

An elevated, private experience with minimalist hardware. Recessed foot pedestals create "floating" effect.

### ■ EVOLVE CUBICLES

Enhanced privacy, depth and durability at an accessible price point. Spring-loaded pedestal actuates soft-close door.

### ■ TRADITIONAL PARTITIONS

High-performance, budget-friendly toilet partitions that have stood the test of time.

## SELECT A MATERIAL

- **High Pressure Laminate (HPL)** -  
*Class B Fire Rating*
  - **Wood Veneer Laminate** -  
*Class B Fire Rating*
